M E N COACHES

YVES BEAUCAGE - HEAD COACH

When Yves joined the Concordia coaching staff in 1988 as an assistant coach and Director of Player Recruitment, it marked the beginning of a long term commitment by both Yves and Concordia. And when Paul Arseneault stepped down after 26 years, 16 league titles and 597 wins, Athletic Director Bob Philip felt it was time for Yves to become Concordia's second head hockey coach.

Last year in his first year as coach, Yves was named OUAA's Coach of the Year after leading a young Stingers team to a 15-9 record and second place in their division. Beaucage, who started his coaching career with McGill in 1985, quickly proved that he is among the top young coaches on the university coaching scene.

Before joining the coaching ranks, Beaucage was a star forward with McGill in the early 80's. He holds several team records and was the team's captain in his senior year of 1983-84. Following graduation, he left for Europe, where he played professional hockey in France for one season.

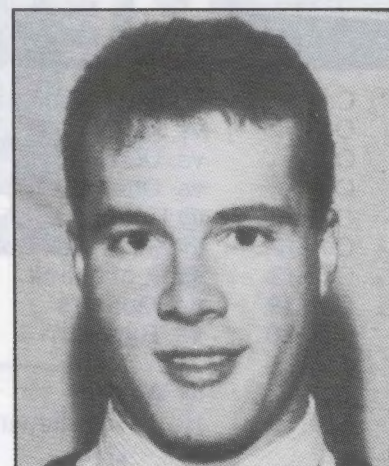

DAVID BOUCHER - ASSISTANT COACH

Dave, who is entering his second year as an assistant coach with Concordia, was Yves' first choice as an assistant. A former McGill forward under then assistant coach Beaucage, the move reunites him with his former mentor.

Dave's duties with the team outside of coaching include recruiting duties in the Quebec region. Yves speaks highly of Dave's teaching skills and of his recruiting ability.

Dave does not come to Concordia without experience. He has previously been the head coach at Collegial "A" Brébeuf and the Bantam Brébeuf teams. A part-time employee, Dave is also a physical education teacher.

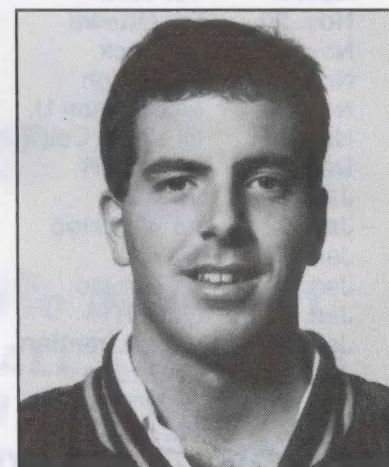

BLAKE HAMBLETON - ASSISTANT COACH

Blake is a former Stinger defenseman who is back with the team's coaching ranks for his second year. The team's Rookie of the Year in 1988, his stellar career was cut short after two seasons by a shoulder injury.

A native of Alexandra, Hambleton will also be asked to handle recruiting duties in the Ontario region along with his coaching duties.

Blake, who graduated from Concordia with degrees in Political Science and Sociology, decided to come to Concordia after a fine three year career in the Ontario Central Junior league because of its fine blend of hockey and academic programs.

COACHES

WOMEN

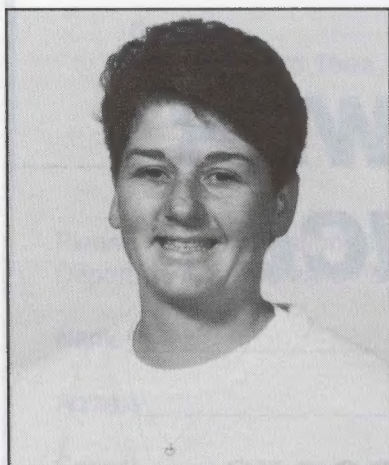

LES LAWTON - HEAD COACH

Les Lawton continues to develop a reputation as one of the outstanding coaches in women's hockey. Last year he led the Concordia Stingers to their third league championship and became a part of the Canadian National Women's Team programme. For the past year he has served as regional scout for the National Team and assisted in tryout camp selection.

His knowledge of the game and his dedication to the Concordia programme has been a major factor in its rejuvenation. Since being appointed head coach in 1983 he has been the driving force behind one of the most successful and respected hockey programmes in North America. During one stretch, he led the Stingers to a remarkable string of 25 straight league victories. His 100th career win came against the Rochester Institute of Technology on January 1, 1989. In his eight years as head coach he has amassed an amazing record.

Lawton, a Montreal native, coached the N.D.G. Maroons and at Loyola High School before joining the Stingers in 1982. This summer Les became a full-time staff member as he was appointed Equipment Manager. He continues to make Montreal his home with his wife Paddy, their daughter Mallory and son Matthew.

JULIE HEALY - ASSISTANT COACH

Since arriving at Concordia in 1971, Julie Healy has been an integral part of the Concordia hockey success story. A versatile performer, Julie began her distinguished five-year playing career as a forward before switching to defense. As a rookie she was the team's leading scorer, its MVP and the school's "Freshman Athlete of the Year."

While a student at Concordia, Julie also played three seasons with the women's field hockey team, winning the Most Valuable Player award on two occasions.

The beginning of the 1985-86 season marked Healy's return to Stingers hockey. In her capacity as Assistant Coach she continues to approach the game with the same enthusiasm and discipline that made her such a formidable player. In addition to her coaching responsibilities, Julie also serves as Facilities Coordinator for the Department of Recreation & Athletics.
